

**Arkansas Audubon Society**  
**2003 HALBERG ECOLOGY CAMPS**  
where young people  
learn about natural science

**When and where  
will it be held?**

Session one of the 2003 Halberg Ecology Camp will begin Sunday, June 15 and end Friday, June 20; session two will begin Sunday, June 22 and end Friday, June 27. Both sessions will be held at Camp Clearfork, in the Ouachita National Forest, on U. S. Highway 270 two miles west of Crystal Springs. It is the responsibility of the parents to bring the child to the camp and pick them up after camp is over.

**What does it cost?**

Each student pays \$225 to attend the camp for the week. This money goes toward the cost of room, board, and insurance. The Arkansas Audubon Society provides the remainder of the \$350-plus needed for each student. Some partial and full scholarships are available from local organizations and financial assistance is available in case of need. Anyone in need of financial assistance must fill out an application. Each camper receives a field guide and a T-shirt.

**What about recreation?**

Camp Clearfork has some unique recreational opportunities. Everyone may participate in team sports, swimming, and fishing.

**What is it?**

This one-week Arkansas Audubon Society camp offers young people an opportunity to study the natural environment. The camp is planned for 11- and 12-year-olds. They will study such subjects as mammals, snakes, birds, insects, geology, botany and aquatic biology in the beautiful Ouachita Mountains of Arkansas. The professional staff of 16 includes a graduate nurse and a lifeguard. The students sleep in dormitories and an adult is stationed in each cabin.

**Why is this camp  
important?**

It provides children with a special outdoor experience and helps them appreciate and understand the natural environment.

**Who may attend?**

Any person 11 or 12 years old who is seriously interested in learning about the outdoors. Fifty students will be enrolled plus twelve students who have been invited back from the year before.

**What is it?** This one-week Arkansas Audubon Society camp offers young people an opportunity to study the natural environment. The camp is planned for 11- and 12-year-olds. They will study such subjects as mammals, snakes, birds, insects, geology, botany and aquatic biology in the beautiful Ouachita Mountains of Arkansas. The professional staff of 16 includes a graduate nurse and a lifeguard. The students sleep in cabins and an adult is stationed in each cabin.

**Why is this camp important?** It provides children with a special outdoor experience and helps them appreciate and understand the natural environment.

**Who may attend?** Any person 11 or 12 years old who is seriously interested in learning about the outdoors. Fifty first-year students will be enrolled in each of the two one-week sessions along with twelve second-year students who have been invited back for advanced study.

**When and where will it be held?** Session one of the 2001 Halberg Ecology Camp will begin Sunday, June 16 and end Friday, June 21; session two will begin Sunday, June 23 and end Friday, June 28. Both sessions will be held at Camp Clearfork, in the Ouachita National Forest, on U. S. Highway 270 two miles west of Crystal Springs. It is the responsibility of the parents to bring the child to the camp and pick him/her up for return home.

**What does it cost?** Each student pays \$225 to attend the camp for the week. This money goes toward the cost of room, board, and insurance. The Arkansas Audubon Society provides the remainder of the \$350-plus needed for each student. Some partial and full scholarships and limited financial assistance are available in case of need. Anyone in need of a scholarship should contact their local Audubon Society Chapter; those in need of financial assistance should fill out a financial assistance form. Each camper receives a field guide and a T-shirt.

**What about recreation?** Camp Clearfork has some unique recreational opportunities. Everyone may participate in team sports, swimming, and fishing.
